Shaheen Education Academy, Swabi (2016 – 2018)
Marks: 994 / 1100 | **Percentage:** 90.3%
-

Technical Skills

Languages

Dart, Java, JavaScript, SQL, HTML, CSS, C, Python

Frameworks & Libraries

Flutter, React Native

Tools & Technologies

Firebase, Git, GitHub, Dart SDK, DartPad, Dart DevTools Visual Studio, Android Studio

Other Skills

Data Science, Machine Learning, Artificial Intelligence, Software Testing, Software Requirements, Human-Computer Interaction (HCI), Software Engineering Concepts

Soft Skills

- Leadership and Teamwork
 - Problem-solving and Decision Making
 - Time Management and Organization
 - Adaptability and Openness to Learning
 - Community Engagement and Socialization
-

Experience

Flutter Developer

Hifah Technologies (2024 Jun -September)

- Worked on various projects like "Mego" (similar to OLX) and "Flatty" (for buying and selling property).
 - Developed both mobile and web applications in Flutter.
 - Integrated Firebase services, including real-time database and authentication.
-

Junior Flutter Developer

The Tutionist, Remote (March 2024 – May 2024)

- Worked on developing the Tutionist app and web platform using Flutter.
 - Integrated Firebase for real-time updates and authentication.
-

Flutter Developer

The Tutionist, Remote (October 2024 to now)

- Worked on developing client app like Arkin app, esim app, Amanah Market place, voice buddies bazaar app
 - Integrated Firebase for real-time updates and authentication.
-

Flutter and Dart Instructor

Google Developer Student Clubs (GDSC), Abbottabad

- Conducted classes and workshops on Flutter and Dart programming.
 - Provided hands-on guidance to students, helping them develop proficiency in building apps.
-

Final Year Project Automated Bone Marrow Cell Classification System

- Developed a system to automate the classification of bone marrow cells, improving diagnostic accuracy in medical applications.

Involvement & Community Engagement

- Actively participated in GDSC events and workshops as a Flutter Ninja.
- Conducted courses on Mobile App Development at Google Developer Students Club (GDSC).
- Organized several events, including Hackathons and Data Science workshops, at GDSC, CUI ATD.
- Coordinated events like “Future Technologies and Blockchain for Everyone” and “Data Science: A Safari Trip”.
- Recognized with Certificates of Appreciation from GDSC for outstanding contributions in 2023 and 2024.

Synopsis of Achievements

Academic Achievements

- Selected for the **Google Global Solution Challenge 2024** for an innovative project.
- Achieved 1st position in the **Build with AI Idea Competition** at Google Developer Student Clubs (GDSC), CUI ATD.
- Runner-up in the **SparkPitch Idea Competition** at Tech Vision, Islamia College.
- Awarded the **Shield of Outstanding Performance** as a Flutter Ninja at GDSC in 2024.

Leadership & Community Contributions

- Organized a Hackathon and several workshops at GDSC, CUI ATD.
- Conducted a **Mobile App Development Workshop** at Government College of Technology, Abbottabad, using Flutter in 2023.
- Received Certificates of Appreciation from GDSC in 2023 and 2024 for community leadership.
